

2023 - 2024

Independent Verification Worksheet

Your application has been selected for review by the federal government in a process called "Verification". The law requires that the information from your FAFSA be compared with your and your spouse's (if applicable) Federal IRS tax information as well as other financial documents. If there are differences, your FAFSA information may need to be corrected. You must complete and sign this worksheet, attach all required documents and submit to the Financial Aid Office.
